For the week ending on the 14th February 1940.

2. The draft will be taken into consideration on or after the 18th May 1940 and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered :— •

Draft Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house-connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house-connection will be given.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding out-house) in one compound, may at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separate connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and watertight and the cover, overflow-pipe, and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of looking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to

supply of water corresponding to the annual valuation of such holding, according to the following table:—

The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house-connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier having house connection requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, or any person having no house-connection requires a temporary supply of water for a special occasion, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week in advance. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the temporary supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges, as mentioned in rule 12.

16. The Commissioners may cut off the connection between any part of the Baranagore-Kamarhati Waterworks and any holding to which water is supplied from such works, or may turn off such supply, in any, of the following cases besides those referred to in sub-section (1) of section 309 of the Bengal Municipal Act, 1932, namely:—

- (a) if the occupier fails to pay his water rate;
- (b) if the occupier in any way interferes with, damages or alters, the service-pipe; and

(2) The Provincial Government, after consultation with the Board and after giving by notification in the official Gazette not less than three months' notice of its intention so to do, may by a like notification add to or otherwise amend the Second Schedule, and thereupon the said Schedule shall be deemed to be amended accordingly.

Misbranded drugs.

16. For the purposes of this Chapter a drug shall be deemed to be misbranded—

- (a) if it is an imitation of, or substitute for, or resembles in a manner likely to deceive another drug, or bears upon it or upon its label or container the name of another drug, unless it is plainly and conspicuously marked so as to reveal its true character and its lack of identity with such other drug; or
- (b) if it purports to be the product of a place or country of which it is not truly a product; or
- (c) if it is sold, or offered or exposed for sale, under a name which belongs to another drug; or

Prohibition of manufacture and sale of certain drugs.

17. (1) From such date as may be fixed by the Provincial Government by notification in the official Gazette in this behalf, no person shall himself or by any other person on his behalf—

- (a) manufacture for sale, or sell, or stock or exhibit for sale, or distribute—
 - (i) any drug which is not of standard quality;
 - (ii) any misbranded drug;

- (iii) any patent or proprietary medicine, unless there is displayed in the prescribed manner on the label or container thereof either the true formula or list of ingredients contained in it in a manner readily intelligible to members of the medical profession, or the number of the certificate of registration granted, in the manner prescribed by the Central Government, in respect of such medicine by the Central Drugs Laboratory after being correctly informed of the formula of such medicine;

(2) The Provincial Government may fix different dates of effect for the several provisions of sub-section (1).

Plea.

18. (1) Save as hereinafter provided in this section, it shall be no defence in a prosecution under this Chapter to prove merely that the accused was ignorant of the nature, substance or quality of the drug in respect of which the offence has been committed or of the circumstances of its manufacture or import, or that a purchaser, having bought only for the purpose of test or analysis, has not been prejudiced by the sale.

(2) For the purposes of section 17 a drug shall not be deemed to be misbranded or to be below standard quality only by reason of the fact that—

- (a) there has been added thereto some innocuous substance or ingredient because the same is required for the manufacture or preparation of the drug as an article of commerce in a state fit for carriage or consumption, and not to increase the bulk, weight or measure of the drug or to conceal its inferior quality or other defects; or

(b) in the process of manufacture, preparation or conveyance some extraneous substance has unavoidably become intermixed with it, provided that this clause shall not apply in relation to any sale or distribution of the drug occurring after the vendor or distributor became aware of such intermixture.

(3) A person, not being the manufacturer of a drug or his agent for the distribution thereof, shall not be liable for a contravention of section 17 if he proves—

- (b) that he acquired the drug from a person resident in British India under a written warranty in the prescribed form and signed by such person that the drug does not in any way contravene the provisions of section 17, and that the drug while in his possession remained in the same state as when he acquired it:

Provided that a defence under clause (b) shall be open to a person only—

- (i) if he has, within seven days of the service on him of the summons, sent to the Inspector a copy of the warranty with a written notice stating that he intends to rely upon it and giving the name and address of the warrantor, and
- (ii) if he proves that he has, within the same period, sent written notice of such intention to the said warrantor.

19. The Provincial Government may, by notification in the official Gazette, appoint such persons as it thinks fit, having the prescribed qualifications, to be Government Analysts for such areas and in respect of such drugs or classes of drugs as may be specified in the notification:

- (d) for any of the aforesaid purposes enter at all reasonable times, with such assistants, if any, as he considers necessary, any premises wherein any drug is being manufactured, or being sold or is stocked or exhibited for sale, or is kept for distribution;
- (e) exercise such other powers as may be necessary for carrying out the purposes of this Chapter or any rules made thereunder.

**Procedure of
Inspectors.**

22. (1) Where an Inspector takes any sample of a drug under this Chapter, he shall tender the fair price thereof and may require a written acknowledgment therefor.

(2) Where the price tendered under sub-section (1) is refused, or where the Inspector seizes the stock of any drug under clause (c) of section 21, he shall tender a receipt therefor in the prescribed form.

(3) Where an Inspector takes a sample of a drug for the purpose of test or analysis, he shall intimate such purpose in writing in the prescribed form to the person from whom he takes it and, in the presence of such person unless he wilfully absents himself, shall divide the sample into four portions and effectively seal and suitably mark the same and permit such person to add his own seal and mark to all or any of the portions so sealed and marked:

Provided that where the sample is taken from premises whereon the drug is being manufactured, it shall be necessary to divide the sample into three portions only:

Provided further that where the drug is made up in containers of small volume, instead of dividing a sample as aforesaid, the Inspector may, and if the drug be such that it is likely to deteriorate or be otherwise damaged by exposure shall, take three or four, as the case may be, of the said containers after suitably marking the same and, where necessary, sealing them.

(4) The Inspector shall restore one portion of a sample so divided or one container, as the case may be, to the person from whom he takes it, and shall retain the remainder and dispose of the same as follows:—

- (i) one portion or container he shall forthwith send to the Government Analyst for test or analysis;
- (ii) the second he shall produce to the Court before which proceedings, if any, are instituted in respect of the drug; and
- (iii) the third, where taken, he shall send to the warrantor, if any, named under the proviso to sub-section (3) of section 18.

(5) Where an Inspector takes any action under clause (c) of section 21,—

- (a) he shall use all despatch in ascertaining whether or not the drug contravenes any of the provisions of section 17, and, if it is ascertained that the drug does not so contravene, forthwith revoke the order passed under the said clause or, as the case may be, take such action as may be necessary for the return of the stock seized;

(b) if he seizes the stock of the drug, he shall as soon as may be inform a Magistrate and take his orders as to the custody thereof;

(c) without prejudice to the institution of any prosecution, if the alleged contravention be such that the defect may be remedied by the possessor of the drug, he shall, on being satisfied that the defect has been so remedied, forthwith revoke his order under the said clause.

Persons bound to disclose place where drugs are manufactured or kept.

23. Every person for the time being in charge of any premises whereon any drug is being manufactured or is kept for sale or distribution shall, on being required by an Inspector so to do, be legally bound to disclose to the Inspector the place where the drug is being manufactured or is kept, as the case may be.

(2) The Inspector on receipt thereof shall deliver one copy of the report to the person from whom the sample was taken and another copy to the warrantor, if any, named under the proviso to sub-section (3) of section 18, and shall retain the third copy for use in any prosecution in respect of the sample.

(3) Any document purporting to be a report signed by a Government Analyst under this Chapter shall be evidence of the facts stated therein, and such evidence shall be conclusive unless the person from whom the sample was taken or the said warrantor has, within seven days of the receipt of a copy of the report, notified in writing the Inspector or the Court before which any proceedings in respect of the sample are pending that he intends to adduce evidence in controversion of the report.

(4) Unless the sample has already been tested or analysed in the Central Drugs Laboratory, where a person has under sub-section (3) notified his intention of adducing evidence in controversion of a Government Analyst's report, the Court may, of its own motion or in its discretion at the request either of the complainant or the accused, cause the sample of the drug produced before the Magistrate under sub-section (4) of section 22 to be sent for test or analysis to the said Laboratory, which shall make the test or analysis and report in writing signed by, or under the authority of, the Director of the Central Drugs Laboratory the result thereof, and such report shall be conclusive evidence of the facts stated therein.

(5) The cost of a test or analysis made by the Central Drugs Laboratory under sub-section (4) shall be paid by the complainant or accused as the Court shall direct.

27. (1) Whoever, in respect of any drug sold by him whether as principal or agent, gives to the purchaser a false warranty that the drug does not in any way contravene the provisions of section 17 shall, unless he proves that when he gave the warranty he had good reason to believe the same to be true, be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

(2) Whoever applies or permits to be applied to any drug sold, or stocked or exhibited for sale, by him, whether on the container or label or in any other manner, a warranty given in respect of any other drug, shall be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

Penalty for use of Government Analyst's report for advertising.

4. Other drugs	The standards of identity, purity and strength specified in the latest edition either of the British Pharmacopœia or the British Pharmaceutical Codex or any other prescribed pharmacopœia, or adopted by the Permanent Commission on Biological Standardisation of the League of Nations.

THE SECOND SCHEDULE.

(See section 15.)

Standards to be complied with by drugs manufactured for sale, sold, stocked or exhibited for sale, or distributed.

Class of drugs.	Standard to be complied with.
1. Patent or proprietary medicines.	The formula or list of ingredients displayed in the prescribed manner on the label or container, or the formula disclosed to the Central Drugs Laboratory, as the case may be.
2. Substances commonly known as vaccines, sera, toxins, toxoids, antitoxins, and antigens and biological products of such nature.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
3. Other vitamins, hormones and analogous products.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
4. Other drugs	The standards of identity, purity and strength specified in the latest edition either of the British Pharmacopoeia or the British Pharmaceutical Codex or any other prescribed pharmacopoeia, or adopted by the Permanent Commission on Biological Standardisation of the League of Nations.

STATEMENT OF OBJECTS AND REASONS.

In order to give effect to the recommendations of the Drugs Enquiry Committee, in so far as they relate to matters with which the Central Government is primarily concerned, a Bill to regulate the import of drugs into British India was introduced in the Legislative Assembly in 1937. The Select Committee appointed by the Legislative Assembly was of the opinion that a more comprehensive measure, providing for the uniform control of manufacture and distribution of drugs as well as of import, was desirable. The Government of India accordingly asked Provincial Governments to invite the Provincial Legislatures to pass resolutions under section 103 of the Government of India Act, 1935, empowering the Central Legislature to pass an Act for regulating such matters relating to the control of drugs as fall within the Provincial legislative list. Such resolutions have now been passed by all Provincial Legislatures.

2. Chapter II of the Bill establishes a Board of technical experts to advise the Central and the Provincial Governments on technical matters.

3. Chapter III provides for the control of the import of drugs into British India. The executive power under this Chapter will accordingly be exercised by the Central Government.

4. Chapter IV relates to control of the manufacture, sale and distribution of drugs and contains the provisions which it is proposed should be enacted in exercise of the power conferred by the resolutions under section 103 of the Government of India Act, 1935, passed by the Provincial Legislatures. The executive power under Chapter IV will be exercised by Provincial Governments.

5. The First Schedule prescribes the standards to be complied with by imported drugs and the Second Schedule the standards to be complied with by drugs manufactured, sold or distributed in British India. The standards prescribed in the two Schedules are identical. The Central Government will have power to amend the First Schedule, but power to amend the Second Schedule will rest with Provincial Governments.

6. The Government of India have considered to what extent provision can be made to secure the maintenance of uniformity in standards and in other important matters in which uniformity is desirable. They understand that it would be *ultra vires* of the Central Legislature to assign to any authority other than the Provincial Governments authority conferred by the Bill in respect of matters falling within the Provincial legislative field. For this reason it is not possible to assign the power to fix standards and to make rules to any single authority. In order to ensure that before any action is taken due consideration is given to the desirability of maintaining uniformity, provision has been made in Chapter II for a single Technical Advisory Board, which both Central and Provincial Governments will be required to consult before modifying the standards set up by the Bill and before making rules under the Bill.

**Third and Final Forecast of the Winter Rice
Crop of Bengal, 1939-40.**

(*Note.*—On an average of the five years ending 1937-38, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the issue of the Second Forecast in December, the weather has been generally dry and favourable for harvesting operation.

Areaage.—According to District Officers' estimates the total area under winter rice is 16,136,200 acres as compared with 15,835,900 acres of last year.

Outturn.—From the summary of the district returns appended, it will be seen that five districts report a normal crop, sixteen districts a crop varying from 80 to 96 per cent., and the rest below 80 per cent. of the normal. According to the above estimates the provincial outturn works out to 88 per cent. of the normal as against 82 per cent. of last year.

Accepting 88 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 6,520,300 tons this year as against 5,962,700 tons in last year.

24-Parganas.—No. 359P.H.—28th February 1940.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the alteration of the existing house connections given under the metering system so as to conform to the decentralised storage system, in the Garden Reach Municipality in the district of the 24-Parganas, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st June 1940, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered.

Draft Rules.

When the Commissioners deem it expedient for the maintenance of an efficient water-supply that existing connections from streets mains to houses with metering system granted under the rules published with notification No. 302T.M., dated the 27th May 1913, as subsequently amended, should be altered so as to make them conform to the Decentralised Storage System, they may direct that such alteration shall be made.

1. The connection after alteration shall consist of two portions—

- (a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check pipes;
- (b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

2. The items referred to in clause (a) of rule 1 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property. If the Commissioners decide to make use of a part or the whole of the existing pipes and fittings, the present value of the same shall be paid to the owner or occupier, such value being determined by the Commissioners.

3. The items referred to in clause (b) of rule 1 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and projected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe.

4. In the case of connections to which a meter was attached by the owner or occupier prior to the date of introduction of the decentralised storage system provided in these rules the Commissioners shall make a contribution of Rs. 40 towards the cost of the work referred to in clause (b) of rule 1 when such work has been completed to their satisfaction.

5. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. Extension from the communication-pipe of one holding to another holding shall not be

permitted and combination of holdings for the purpose of these rules shall not be allowed.

6. No tapping or branching off of any kind whatsoever of the service-pipe referred to in clause (b) of rule 1 shall be allowed except at approximately the same as that of the ball-valve.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 1 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water.

8. The tank referred to in clause (b) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with the materials belonging to the Commissioners and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

15. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

16. The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz:—

24-Parganas.—No. 360P.H.—28th February 1940.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the regulation of connections for the supply of filtered water to private premises for domestic purposes which may be granted hereafter by the Commissioners of the Garden Reach Municipality in the district of 24-Parganas, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the *1st June 1940*, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed Form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given. Every house connection shall be taken in hand within three months of its sanction. If a house connection is not taken in hand within the said period the sanction given for it shall be deemed to be revoked and fresh sanction shall be required before the connection is made.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for such connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separate connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

- (a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;
- (b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners, and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in Form B.

They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

15. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

No. 3-I.—28th February 1940.—In exercise of the power conferred by section 44 of the Bengal Development Act, 1935 (Bengal Act XVI of 1935), the Governor is pleased to make the following amendments in the Bengal Development Rules, 1936, published under notification No. 18-I., dated the 5th November 1936.

2. A draft of these amendments was published in the *Calcutta Gazette* of the 24th August 1939, under notification No. 34-I., dated the 19th August 1939:—

Amendments.

After rule 68 of the said rules the following shall be added, namely:—

"*Determination of additional improvement levy under section 11.*

69. (1) If, when the Collector has reason to believe that any such land as is described in sub-section (1) of section 11 has been settled, he considers it advisable that an additional improvement levy should be

imposed thereon under that section, he shall cause an officer or officers, not below the rank of Sub-Deputy Collector,

(a) to determine, in the manner described in rule 33, to what class such land shall be assigned, if this has not already been otherwise determined, and

(b) to inquire what rates of *salami* have been paid when (i) land assigned to that class and (ii) unculturable waste, swamp or sand have been settled with tenants in the vicinity; and, on receipt of the reports from such officer, or officers, he shall make estimates of the *salami* usual for such land as it was (i) at the time of the settlement and (ii) before the commencement of the improvement work.

(2) The Collector shall then cause to be served on the person who settles the land a notice which shall state the following particulars:—

(a) a description of the land sufficient to enable it readily to be identified;

(b) the class or classes to which it is assigned, with the area of the portion included in each such class;

(c) the substance of the provisional estimates made under sub-rule (1);

(d) a time, not less than thirty days after the date when the notice is served, by which objections will be received under sub-section (1) of section 11; and the place at which they will be received;

(e) the time and place at which such objections will be heard.

(3) Such notice shall be served in the manner specified in rule 39 for the service of a notice of demand under section 14.

(4) An objection under sub-section (1) of section 11 shall be in the form of a petition and stamped with a court-fee stamp of twelve annas, and shall be addressed to the Collector.

(5) If no objection is received the Collector shall declare the provisional estimates made under sub-rule (1) to be final estimates.

(6) If an objection is received, the Collector after giving the objector an opportunity of stating his case and after making or causing to be made such enquiries, if any, as he thinks necessary, shall make final estimates of the usual *salami* payable for such land as it was (i) at the time of the settlement and (ii) before the commencement of the improvement work.

(7) Thereafter the Collector shall fix the amount of the additional improvement levy to be payable in respect of the land under sub-section (1) of section 11. In fixing the amount of the additional improvement levy the Collector may take into consideration any profit that may have been derived prior to the improvement by the person who settled the land.

(8) The additional levy so fixed shall be published in a statement under section 13.

Procedure to be followed by officers and persons authorised under sub-sections (1) and (2) of section 24.

70. (1) No officer or person authorised under sub-section (1) of section 24 shall enter upon any land for making or causing to be made any boring or excavation thereon for the purpose of ascertaining the nature of the soil either without the consent of the occupier or one of the occupiers thereof or, without previously giving the occupier or one of the occupiers at least three days' notice in writing of his intention to do so.

(2) A notice under sub-rule (1) or under the proviso to sub-section (1) of section 24 shall be served in the manner specified in rule 39 for the service of a notice of demand.

71. At least three days before possession of any standing crop is taken under sub-section (2) of section 24, the officer authorised under sub-section (1) of that section shall serve in the manner specified in rule 39 for the service of a notice of demand, the notice referred to in the said sub-section (2) on the occupier of the land on which the crop stands or on his representative or, if there be more than one occupier, on one of such occupiers or on the representative of such occupiers or of any one of such occupiers. Such notice shall contain the following particulars:—

- (a) the settlement number of the plot on which such crop stands;
- (b) the area (in square feet) from which it is proposed to cut and remove such crop; and

The offer of compensation and the manner of assessment of damage under section 24 (3).

72. An officer authorised under sub-section (1) of section 24 shall not offer compensation to any person interested for any damage that may have been caused during the process of cutting and removal of crops under sub-section (2) of that section, if such damage can be and has been set right by him or if it is so slight that no reasonable man would claim compensation for it.

73. (1) If an offer made under sub-section (3) of section 24 is not accepted, the officer who has made it shall forthwith refer the matter to the Collector in a written report which shall state the amount of compensation offered, the nature of the damage and the amount of compensation demanded.

(2) After receipt of such report the Collector shall, for the purpose of assessing the value of the crop cut and the amount of the damage caused, make a summary inquiry either personally or through an officer subordinate to him other than the officer who has offered the compensation and at such inquiry any person interested who has not accepted the compensation offered shall be given an opportunity of stating his case and producing witnesses in support of it.

(3) If damage has been done to produce for which a price has been fixed under section 9, the Collector in assessing the amount of the damage shall take such price into consideration.

75. The officer to whom any record or document is delivered under section 25 shall give a receipt for such record or document to the person who delivers it if he removes it from the presence of such person.

Objections to notifications under section 30.

76. A notification issued under section 30 shall contain descriptions of the proposed drainage work and of the area likely to be affected by it, and shall fix a date, not less than one month from the date of the publication of such notification, by which objections may be submitted by persons interested.

Such notification shall besides being published in the *Calcutta Gazette* be also published at the offices of the Collector, District Judge, Superintendent of Police and Sub-Registrar within the area of whose jurisdiction the drainage work is proposed to be carried out.

77. Every such objection shall be submitted in writing to the Collector who, after making or causing to be made such inquiries, if any, as he thinks necessary, shall submit the objection for the decision of the Provincial Government with the record of any proceedings held by him and a report containing his recommendations on the objection.

Order for the modification of obstructions.

78. The Collector shall not issue an order under sub-section (2) of section 32 on any person to modify an artificial obstruction in such a manner as to prevent the retention of sufficient water on the land where the obstruction exists for the reasonable immediate needs of a paddy crop.

Procedure for determining compensation under section 36(1).

79. (1) A claim under section 35 shall be made in writing, shall give particulars of the damage or loss sustained and shall state the amount of compensation claimed; and it shall be signed by the claimant or his authorised agent. If the claim is submitted through a pleader, it shall be signed both by the claimant or his authorised agent and by the pleader.

Explanation.—In this sub-rule the word “pleader” includes any legal practitioner as defined in the Legal Practitioners Act, 1879.

(2) On receipt of such claim the Collector shall fix a day on which an inquiry will be held either by himself or by another officer, and, on that day or on any other day to which such inquiry has been adjourned, the claimant shall be given an opportunity to explain his case and to produce evidence in support of it.

(3) If the Collector has caused the inquiry to be made by another officer, such officer shall submit to him a report in writing, stating the facts as determined by such officer.

(4) The Collector shall thereupon, after considering any representation that has been made by the claimant, give a decision in writing as to the amount of compensation, if any, which shall be granted.

Grant of compensation under section 36.

80. In coming to a determination under sub-section (2) of section 36, regard shall be had to the following:—

(1) The Collector shall grant no compensation to the claimant for any damage which—

(a) if caused by a private person, would not render such person liable to a suit;

(b) is consequent upon the removal or modification of an obstruction in any river, stream, natural water channel or natural drainage course within the limits of any tract included in a prohibitory notification under section 6 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882):

Provided that when the obstruction has been allowed on payment to the Provincial Government of a fee under the Bengal Irrigation Act, 1876, repayment of the whole or part of the fee paid may be allowed as compensation;

(c) is consequent upon the removal or modification of any obstruction in any river, stream, natural water channel or natural drainage course, if such removal or modification interferes with a right which the claimant has enjoyed for using such obstruction as a means of access to any place;

(d) is consequent upon the stoppage or diminution of any facilities for irrigation afforded by any obstruction that is removed or modified, if the Collector is satisfied that other adequate facilities for irrigation have been provided;

(e) is consequent upon a fishery being injuriously affected by the removal or modification of any obstruction that is intended or used for or in connection with fishing.

(2) If the Collector is satisfied that the removal or modification of an obstruction under section 31 has involved or will involve (a) damage to any building or (b) substantial deterioration or diminution of any supply of drinking water, he may grant compensation—

(i) in case (a), not exceeding the cost as estimated by him of the dismantling and removal to a reasonable distance of the materials of such building and of its reconstruction, and

(ii) in case (b), sufficient in his opinion to meet the cost of providing an adequate supply of drinking water of the quality not inferior to that which the claimant previously enjoyed:

Provided that he shall grant no such compensation if he is satisfied that an adequate supply of such drinking water is available within a convenient distance.

(3) When the claim is in respect of damage which (a) has been caused to a crop, or (b) is likely to result from inability to grow a crop, owing to the removal or modification of an obstruction under section 31, the Collector may grant as compensation in case (a) the value of the crop damaged as estimated by him and in case (b) six times the value as estimated by him of the average annual outturn of the land covered by the claim.

(4) When the claim is in respect of damages in consequence of modification, under section 32, of any artificial obstruction, the Collector may, in assessing the compensation, take into consideration the value of any increase in the average outturn from other land in the occupation of the claimant which in the opinion of the Collector will be made possible by the modification of such obstruction.

(5) When a claim is preferred for compensation under clause (b) of section 35, the Collector may, in assessing the compensation, take into consideration any increase that has accrued or is likely to accrue to the value of the land in respect of which the claim is preferred owing to the improvement work.

Reference of dispute to Court under section 36 (3).

81. A reference to a Court by a Collector under sub-section (3) of section 36 shall contain the following particulars:—

(i) description and area of the land in respect of which compensation is granted,

(ii) names and addresses of the persons interested,

Registrar, Appellate Side.

Original Side.**NOTIFICATION.**

Calcutta, the 26th February 1940.

It is ordered by the High Court of Judicature at Fort William in Bengal that, with effect from the 1st day of April 1940, the following rules framed under the heading Chapter XXXIII shall come into force and be inserted in the Rules and Orders of the High Court, Original Side, 1914, after Chapter XXXII of the said Rules and Orders and that the amendments set forth below be made in Appendix I, and Chapter V of the said Rules and Orders:—

CHAPTER XXXIII.**APPEALS TO THE FEDERAL COURT.**

1. Matters connected with appeals to the Federal Court other than those with which the Registrar is authorised to deal, shall ordinarily be heard by the Division Bench appointed to deal with such matters (in this chapter called "the Appellate Court").

2. Matters relating to (1) service of notice or other processes, (2) substitution of parties and appointment or discharge of next friend or guardian-ad-litem of minors and of persons of unsound mind, until the admission of the appeal, (3) preparation of paper-books, and (4) return of documents; and matters not expressly required to be dealt with by the Appellate Court shall be dealt with and disposed of by the Registrar.

3. Where a certificate has been given under section 205(7) of the Government of India Act, 1935, and the only ground of appeal is that a question of law as to the interpretation of the Government of India Act, 1935, or any order in Council made thereunder has been wrongly decided, and application for leave to appeal to the Federal Court shall be to the Appellate Court by ex parte petition verified by an affidavit.

4. Where a certificate has been given under section 205(7) of the Government of India Act, 1935, and the grounds of appeal include, in addition to the ground mentioned in the preceding rule, the ground that it fulfils as regards amounts or value and nature the requirements of section 110 of the Code or is otherwise a fit case for appeal to the Federal Court, an application for leave to appeal to the Federal Court, shall be to the Appellate Court by notice of motion supported by a petition verified by an affidavit which shall be in form No. 4 with such modifications as the circumstances may require. The notice, unless otherwise ordered, shall be given for the day fixed by the Appellate Court for hearing Federal Court matters and shall call upon the opposite party, to show cause, within four days after service thereof, why a certificate under Order XLV, rule 3 of the Code, should not be granted.

5. Where a certificate is granted under Order XLV, rule 3 of the Code, the appellant shall, within the time prescribed by law or within such further time as may be granted by the Appellate Court, find security for the payment of costs, ordinarily to the extent of Rs. 4,000 and as such security shall, unless otherwise specially ordered by the Appellate Court, deposit with the Registrar either cash or Government securities. In special cases the Appellate Court may require security for costs of appeals to a larger amount.

6. The appellant shall (in addition to security where required) deposit with the Registrar, towards defraying the fees and expenses to be incurred in transcribing or preparing and forwarding to the Registrar of the Federal Court the transcript or printed record, the sum of Rs. 400 and such further sum (if any) as may be subsequently required by the Registrar, within the time prescribed by law or within such further time as may be allowed by the Appellate Court.

7. The applicant, at the time the deposit or any further deposit under rule 6 is required, may apply to the Registrar for an estimate of the fees and expenses in the said rule mentioned. Such estimate

shall be prepared and shall include the matters referred to in the preceding rule and be framed in accordance with the fees and expenses therein specified. The appellant shall be entitled to be heard by the Appellate Court or any objection he may make to the estimate but shall not delay the making of the deposit or the further deposit.

8. After the security, where required, has been given and/or deposit made under rules 5 and 6, a certificate to that effect shall be drawn up in the Registrar's office, and after signature by the Registrar, be submitted by him to the Appellate Court. The Appellate Court shall thereupon declare the appeal admitted under the provisions of Order XLV, rule 8 of the Code, and an order to that effect shall be drawn up and filed.

9. On the admission of an appeal to the Federal Court, notice of such admission shall be issued by the Registrar for service on the respondent on record. Such notice shall be served by the attorney for the appellant within a week from the date of issue thereof or such extended time as may be allowed and an affidavit of due service thereof shall be filed by such attorney within four days from the date of such service.

10. Subject to such directions as may from time to time be given by the Federal Court under rule 2 of Order X of the Federal Court Rules, the record shall be prepared in accordance with rules 11 to 20 of this chapter.

11. (a) The appellant shall, within four days from the date of the order declaring the appeal admitted, file in the Accounts Department of the Registrar's office a draft of the index in Form No. 5 (with such modifications as the circumstances may require) of all documents to be included in the transcript or printed record and a list of all other papers, documents and exhibits in the suit, appeal or matter, to be excluded therefrom under paragraph (b) hereof or under Order XLV, rule 7(1)(b) of the Code, together with a requisition for the settlement of the Index by the Registrar and shall furnish copies thereof to the other parties;

(b) the Registrar, as well as the parties and their agents shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal, and, generally to reduce the bulk of the record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other formal parts of documents but the documents omitted to be printed or copied shall be enumerated in a type-written list to be transmitted with record.

12. Upon receipt of the draft index, list and requisition, the Registrar shall cause notice to be served upon the parties fixing a day not more than a week from the date of the said notice for settlement of the index and list.

13. Any of the parties who may be dissatisfied with the decision of the Registrar on the settlement of the index and list may, within a fortnight from the date of such decision, apply to the Appellate Court, on notice to the other party or parties, for an order that any paper on the record not already included in the index or list may be added thereto, or where already included may be excluded therefrom. The cost of such application shall be paid by such party or parties as the Appellate Court shall think fit.

14. The transcript or printed record for the use of the Federal Court shall consist of Parts I and II in the same volume, each part having its own index, but both indices shall be placed at the beginning of the volume. The contents of Part I and Part II, with their indices shall be the same as those of Part I and Part II, respectively, as set forth in rules 11 and 12 of Chapter XXXI, except that Part I shall contain the following additional documents in the order shown:—

- (6) order on such application; and
- (7) order declaring the appeal to the Federal Court admitted.

The parties will be responsible for arranging the record in proper order for the Federal Court, and in difficult cases counsel may be asked to settle it.

15. In all civil cases, the portion of the record set out in the index shall be printed and the printed record certified by the Registrar.

16. After the index and list have been settled, a copy thereof and where there has been no paper-book used in the appeal from the Original Side, copies of the records set out in the index to the various parts shall be made over to the appellant's attorney. The appellant's attorney shall then cause the record to be printed in accordance with the following directions:—

22. Notice of the despatch of the transcript or printed record to the Registrar of the Federal Court shall be issued by the Registrar for service on the respondent, whether he shall have appeared on the hearing of the application for a certificate under Order XLV, rule 3 of the Code, or not. Such notice shall be served by the attorney for the appellant within a week from the date of issue thereof or such extended time as may be allowed and an affidavit of due service thereof shall be filed by such attorney within four days from the date of such service.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 1000L.A.—28th February, 1940.—The following report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940.

We, the members of the Select Committee to which the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 15th February, 1940, beg to submit this our report with the Bill embodying amendments recommended by us annexed.

The Committee met for the first time on the 20th February, 1940, and thereafter on the 21st, 23rd and 26th February, 1940, when they concluded their deliberations on the Bill.

The Bill was published before introduction in the *Calcutta Gazette* of the 30th January, 1940, and has not been altered by us to the extent of requiring republication.

The reasons for alterations made in the Bill except those of a verbal and consequential nature are as follows:—

Clause 1.

Sub-clause 2.—The sub-clause has been amended to extend the application of the Act to all areas outside Calcutta and its notified suburbs as we did not consider any further limitation advisable.

Sub-clause 3.—This sub-clause has been deleted as we did not consider it advisable to specify the period of continuation of the Act.

Clause 2.

The definition has been expanded for the purpose of clarity.

Clause 3.

The operation of this clause has been extended to cover suits as well as proceedings in execution as we did not consider that the original provision would fully meet the purpose of the Bill.

Provisos (a) and (b) have been deleted as we did not consider that suits or proceedings for ejectment for non-payment of rent or breach of conditions should be protected.

Clause (c) has been amended to attract the operation of sections 106 and 116 of the Transfer of Property Act relating to holding over.

Clause 4.

Time-limit for an application has been extended by the substitution in lines 9 and 10.

The concluding words have been deleted to leave to the discretion of the Courts the matter of costs according to the merits of each case.

Minute of dissent by Maulvi Abu Hossain Sarkar, M. L. A.

I sign the report reserving my right to propose amendment for dropping the proviso of clause 3.

Minute of dissent by Mr. P. Banerjee, M. L. A.

I sign the report subject to the following minute of dissent.

Although it has been decided by the Committee that the Bill has not been so altered as to require republication I think that the Bill should be republished with a view to obtaining public opinion as the scope of the Bill has been very much widened.

In clause 3 of the Bill there should have been a provision empowering the owner of the land to take possession for his own use or occupation with proper safeguards as was provided in section 11 of the Calcutta Rent Act of 1920.

The proviso of clause 3 as now aimed contemplates that a tenant on the expiry of his lease is liable to ejection but a tenant whose lease has already expired and a good landlord has allowed him to hold over cannot be ejected, although he is to be deemed as a tenant from month to month or from year to year. This is somewhat anomalous and there should be equal treatment in all the cases.

The clause 8 is absurd and should be deleted.

There is no sufficient reason for retention of this clause making differential treatment between landlords and landholders.

I reserve my right of moving necessary amendments in this connection.

Minute of dissent by Mr. George Morgan, C.I.E., M. L. A.

I cannot agree with the deletion of clause 1, sub-clause 3, on which the temporary nature of the Bill referred to in the Preamble and the Title of the Bill entirely depends.

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL NO. 3 OF 1940.

A Bill to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be.

WHEREAS it is expedient to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be, and for that purpose further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898;

XLV of
1860.
V of 1898.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Offences on Ships and Aircraft Act, 1940.

Amendment of
section 4 of
Act XLV of
1860.

2. In section 4 of the Indian Penal Code, after clause (3) the following clause shall be inserted, namely:—

“(4) any person on any ship or aircraft registered in British India wherever it may be.”

Amendment of
section 188 of
Act V of 1898.

3. In section 188 of the Code of Criminal Procedure, 1898, after the words “Prince or Chief in India”, where they occur for the second time, the following words shall be inserted, namely:—

“or

when any person commits an offence on any ship or aircraft registered in British India wherever it may be.”

STATEMENT OF OBJECTS AND REASONS.

The Indian Aircraft (Amendment) Act, 1939 (XXXVII of 1939), was enacted to enforce compliance with certain regulations, framed to meet India's extra-territorial obligations arising out of the International Convention of 1919, by all aircraft registered in India, wherever they may happen to be. In order to make these regulations effective it has been found necessary to amend section 4 of the Indian Penal Code and section 188 of the Code of Criminal Procedure, 1898. As the law now stands, offences committed (a) outside British India by foreigners and (b) by British subjects other than Indian British subjects outside India on aircraft registered in British India cannot be dealt with in British Indian Courts. It is therefore now proposed to amend the criminal law so as to extend its operation to offences committed by such persons on aircraft registered in British India wherever it may be. It is also proposed to take advantage of this opportunity to make a similar amendment in the law in so far as offences on ships registered in India are concerned.

GOVERNMENT OF INDIA.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL No. 6 OF 1940.

A Bill to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy.

WHEREAS it is expedient to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Royal Indian Navy (Extension of Service) Act, 1940.

Extension of service where term of service has expired.

2. (1) Until such date as may be notified by the Central Government as the date of termination of the present hostilities, any person enrolled for service in the Royal Indian Navy who, by reason of the expiry of the term for which he engaged to serve when so enrolled, is no longer liable for service shall notwithstanding such expiry continue to be enrolled for service and to be liable for service in the Royal Indian Navy until he is discharged by order of the Officer Commanding the Royal Indian Navy:

Provided that the period for which the service of any such person is extended under this section shall not exceed five years from the day on which his service would otherwise have terminated.

(2) The provisions of this section shall apply also to any person enrolled for service in the Royal Indian Navy if the expiry of the term for which he engaged to serve occurred between the 2nd day of September, 1939, and the commencement of this Act.

*The Governor-General has been pleased to give the previous sanction required by section 108 (1) (c), read with section 313 (4) (a) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

In view of the present emergency, this Bill is intended to secure that all classes of men now serving in the Royal Indian Navy, whose terms of service may have expired after the 2nd September, 1939, or may expire during the period of hostilities, may be required, if necessary, to serve after the expiration of their current engagements. Formerly, ratings could be retained in the service until the cessation of hostilities in accordance with a notification issued under section 4 of the Indian Marine Act, 1887. The Indian Marine Act of 1887 was, however, repealed by the passing of the Indian Navy (Discipline) Act of 1934, and this provision lapsed. This Bill is designed to revive that provision in order to ensure that the strength and efficiency of the Royal Indian Navy is maintained during the present hostilities.

STATEMENT OF OBJECTS AND REASONS.

Although in the draft of the Defence of India Rules power had been taken to impose restrictions in the event of war upon foreigners in British India, it was found necessary to take those powers in the period of tension immediately preceding the outbreak of war, and in advance of the promulgation of the Defence of India Ordinance. The substance of Part V of the Defence of India Rules together with certain supplementary provisions taken from Part XVIII of those rules was accordingly promulgated in the form of the Foreigners Ordinance, 1939, on the 26th August, 1939. In consequence of this step, all action so far taken in connexion with the war in respect of foreigners has, with the exception of that provided for in rule 31A of the Defence of India Rules, been taken in pursuance of orders made under the Foreigners Ordinance. It was at one time intended to replace these orders in the expiry of the Foreigners Ordinance by orders made under the Defence of India Rules. In view, however, of the self-contained nature of the Foreigners Ordinance and of the danger of confusion which might follow upon the re-issue of the substance of orders made under that Ordinance in the form of orders and rules made under the Defence of India Act, Government came to the conclusion that it would be preferable to replace the Foreigners Ordinance by an Act having the same relation to that Ordinance and the orders made thereunder as the Defence of India Act has to the Defence of India Ordinance and the rules made thereunder.

2. The Bill is, therefore, a reproduction in the form of an Act of the Foreigners Ordinance with two additions only, one, sub-clause (3) of clause (1), providing that the Act shall have effect for the duration of the present war and six months thereafter, and the other, clause 15, providing for the continuance of all action taken under the Foreigners Ordinance, thus obviating the necessity for the re-issue in an amended form of those orders. If the Bill is passed, rules 30, 31, 32 and 33 of the Defence of India Rules will be redundant and will be withdrawn, but rule 31A will continue to have effect by virtue of clause 15 of the Bill.

R. M. MAXWELL.

NEW DELHI;

The 30th January, 1940.

NOTES ON CLAUSES.

(With the exception of clause 15, which is new, the numbering of the clauses of the Bill follows that of the sections of the Foreigners Ordinance.)

Clause 1.—Is an adaptation of section 1 of the Foreigners Ordinance, sub-section (3) being a reproduction of sub-section (4) of section 1 of the Defence of India Act, 1939.

Clause 2.—It was considered desirable to exclude the subjects of Indian States and the natives of tribal areas from the definition of "foreigner", since the necessity for the imposition of restrictions upon these persons as a class is not likely to arise.

Clause 3.—Provides for the control of the entry into, departure from and residence, movements and conduct in, British India of foreigners. In general, the clause covers the same ground as sub-section (1) of section 1 of the British Aliens Restriction Act of 1914.

Clause 4.—In consequence of Government's decision to intern, as a preliminary measure, all male enemy subjects of or over the age of 16 years whether of military age or not, it was necessary to determine the status of persons so interned. An examination of this question led Government to the conclusion that, while the general principles relating to prisoners of war laid down in the Hague Convention on the subject should apply to their treatment, they are not, for all purposes, prisoners of war. Special provision was, therefore, necessary to sanction the determination of the conditions of their internment and kindred matters.

Sub-clause (1) is an amplified form of sub-rule (3) of rule 31 of the Defence of India Rules, while sub-clauses (2), (3) and (4) are an adaptation of rule 28 of those rules imported into the Ordinance in consequence of the inapplicability of the term "prisoners of war" in that rule.

Clause 5.—In order to prevent foreigners from evading surveillance, it is necessary to prohibit their changing the names under which they were registered on the outbreak of war. There is a corresponding provision in section 7 of the British Aliens Restriction (Amendment) Act of 1919.

Clause 6.—In the event of use being made of the power conferred by clause 3 (2)(a) for the control of immigration, the assistance of masters of vessels will be necessary. The clause is based upon section 20 of the Foreigners Act, 1864. During the last war, the emergency sections of this Act were brought into force and were supplemented by a Foreigners Ordinance. An examination of the provisions of that Act has shown that it is in many ways obsolete, and is, in any case, as was shown by experience during the last war, inadequate to deal with a war emergency. To prevent confusion and a multiplicity of enactments, it was decided not to enforce sections 6 to 25 of the Foreigners Act, but to take such powers as that Act would provide in the self-contained Foreigners Ordinance.

Clause 7.—For the effective enforcement of orders in respect of foreigners it is essential that the burden of proof that an individual is not subject to those orders should lie upon him. A corresponding provision will be found in section 2 of the Foreigners Act, 1864, in sub-section (4) of section 1 of the British Aliens Restriction Act of 1914, and in section 4 of the Registration of Foreigners Act, 1939.

Clause 8.—May be compared with section 25 of the Foreigners Act, 1864, and section 6 of the Registration of Foreigners Act, 1939.

Clause 9.—This clause is necessary to import in respect of the control of foreigners the power conferred by rule 132 of the Defence of India Rules which does not apply to orders made under the Foreigners Ordinance.

Clause 10.—The power of delegation is an administrative necessity.

Clause 11.—May be compared with rules 121 and 123, and with sub-rule (5) of rule 25, of the Defence of India Rules.

Clause 15.—This clause is based upon section 21 of the Defence of India Act, but, for the avoidance of confusion, has been amplified so as to make it beyond doubt that rule 31A of the Defence of India Rules shall continue to have effect in respect of the Regulations for the Maintenance of Discipline among Enemy Internees which were made under the Foreigners Ordinance on the 5th December, 1939.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940 :—

L. A. BILL No. 4 OF 1940.

A Bill further to amend the Indian Coinage Act, 1906.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for the purpose hereinafter appearing ; III of 1906.

It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Coinage (Amendment) Act, 1940.

Amendment of section 5 of Act III of 1906. 2. For section 5 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), the following section shall be substituted, namely :—

Standard weight and fineness. “ 5. (1) The standard weight of the Government rupee shall be one hundred and eighty grains troy.

(2) The other silver coins shall be of proportionate weight.

(3) The standard fineness of the Government rupee shall be as follows, namely, eleven-twelfths, or one hundred and sixty-five grains of fine silver, and one-twelfth, or fifteen grains of alloy : of the half-rupee, eleven-twelfths, or eighty-two and a half grains of fine silver, and one-twelfth, or seven and a half grains of alloy : and of the quarter-rupee, one-half, or twenty-two and a half grains of fine silver, and one-half, or twenty-two and a half grains of alloy.

(4) In the making of silver coins, a remedy shall be allowed of an amount not exceeding the following, namely :—

	Remedy in weight.	Remedy in fineness.
Rupee	Five-thousandths	Two-thousandths.
Half-rupee		
Quarter-rupee	Nine-thousandths	Five-thousandths.

and in applying the said remedies to quarter-rupees the remedies shall be applied to the average of one hundred coins and not to individual coins.”

Amendment of section 15, Act III of 1906. 3. To section 15 of the said Act the following sub-section shall be added, namely :—

“(3) All quarter-rupee silver coins which may have been issued under this Act prior to the commencement of the Indian Coinage (Amendment) Act, 1940, shall continue to be a legal tender in payment or on account for any sum not exceeding one rupee at the rate of four for a rupee.”

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

With the rise in commodity prices the demand for small coin, particularly four-anna pieces, has greatly increased. The minting of nickel four-anna pieces was stopped some years ago and it is not the intention to revive the minting of these coins. It would, however, be extremely wasteful to turn out a large quantity of silver four-anna pieces of the present fineness of eleven-twelfths silver and one-twelfth alloy. It is therefore proposed to mint silver quarter-rupees of the reduced fineness of one-half silver and one-half alloy.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 27th February 1940.

**Second Forecast of the Spring Oilseed Crops
of Bengal, 1939-40.**

(*Note.*—On an average of the five years ending 1937-38, the area under linseed in Bengal has represented some 3·3 per cent. and that of rape and mustard 12·4 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the first forecast a spell of drought set in and adversely affected the growth of the crops. Some damage has also been done by insect pests at places. The present condition of the crops is fair.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 964,600 this year as against 987,600 and 978,000 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the Province works out at 76 per cent. of the normal as against 77 and 76 per cent. reported, respectively, in the corresponding and final forecasts of last year.

2. Every effort has been made to make the rolls as complete and as accurate as possible, but persons who consider themselves qualified to vote are advised to inspect the rolls, when they are published, to see if their names are included. If their names are not included, or if they consider that there is any inaccuracy in the entries, they may make claims to have their names included, or may submit objections to entries which they consider to be inaccurate or wrong.

3. A complete copy of the draft rolls for the constituencies will be published at the offices of the Registering Authority and the Returning Officer. In urban areas, the rolls for General, Muhammadan, Indian Christian and Women's constituencies will be published at the office of the municipality or cantonment concerned and also at convenient places within wards. Lamps.—(1) Save as hereinafter provided, every motor vehicle while in a public place during the period between half an hour after sunset and half an hour before sunrise and at any other time when there is not sufficient light to render clearly discernible persons and vehicles on the road at a distance of five hundred feet ahead, shall carry the following lamps (hereinafter referred to as "obligatory front lamps") :—

- (a) save in the cases of a motor cycle and an invalid carriage, two lamps showing to the front a white light visible from a distance of five hundred feet and indicating approximately the width of the vehicle;

- (c) in the case of a side car attached to a motor cycle, a lamp affixed to the extreme left hand side of the side car showing to the front a white light visible from a distance of five hundred feet, in addition to the lamp required by clause (b) above to be carried on the motor cycle;

and shall, in every case, also carry—

- (i) one lamp (hereinafter referred to as the "rear lamp") showing to the rear a red light visible from a distance of five hundred feet; and
- (ii) a lamp, which may be the rear lamp or some other device, illuminating with a white light the whole of the registration mark exhibited on the rear of the vehicle, so as to render it legible from a distance of fifty feet to the rear:

Provided that when a motor vehicle is drawing another vehicle or vehicles and the distance between such vehicles does not exceed five feet it shall not, subject to any other provision of these Rules, be necessary for the drawn vehicles to carry obligatory front lamps or for any save the last drawn vehicle to carry a rear lamp or a lamp illuminating the rear registration mark.

(2) Every lamp required under sub-rule (1) to be carried shall, during the aforesaid period, be kept properly lighted and in an efficient condition.

(3) Obligatory front lamps shall be as nearly as possible of the same power and at the same height from the ground.

(5) The rear lamp shall be fixed either on the centre line of the vehicle or to the right hand side and, save in the case of a transport vehicle, at a height of not more than three feet and six inches from the ground. In the case of a transport vehicle the rear light may be fixed at such a level as may be necessary to illuminate the registration mark.

(6) Where a trailer is being drawn by a motor vehicle, other than the drawn part of an articulated vehicle, a lamp of as nearly as possible the same size and power as the rear lamp and showing a red light to the rear shall be affixed to the trailer vertically above or below the rear lamp at a distance of not less than two feet or more than three feet from the rear lamp.

(7) No motor vehicle shall show a red light to the front or other than a red light to the rear, provided that this provision shall not apply to the internal lighting of the vehicle or to an amber light if displayed by any direction indicator.

(8) No lamp showing a light to the front shall be used on any vehicle unless such lamp is so constructed, fitted and maintained that the beam of light emitted therefrom—

- (a) is permanently deflected downwards to such an extent that it is at all times incapable of dazzling any person, standing on the same horizontal plane as the vehicle at a greater distance than 25 feet from the lamp, and whose eye-level is not less than 3 feet 6 inches above that plane; or
 - (b) can be deflected downwards or both downwards and to the left by the driver in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid; or
 - (c) can be extinguished by the operation of a device which at the same time causes a beam of light to be emitted from the lamp which complies with clause (a); or
 - (d) can be extinguished by the operation of a device which at the same time either deflects the beam of light from another lamp downwards or both downwards and to the left in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid, or brings into or leaves in operation a lamp or lamps which complies or comply with clause (a).
- (9) Sub-rule (8) shall not apply to any lamp fitted with an electric bulb if the power of the bulb does not exceed seven watts and the lamp is fitted with frosted glass or other material which has the effect of diffusing the light.

(b) Every motor vehicle, other than an invalid carriage, a trailer, a road roller or a locomotive, shall be equipped with an efficient braking system or systems sufficient to supply two means of operation so designed and constructed that notwithstanding the failure of any part (other than a fixed member or a brake shoe anchor pin) through or by means of which the force necessary to apply the brakes is transmitted, there shall still be available for the driver to apply to not less than half the number of the wheels of the vehicle, brakes sufficient under the most adverse conditions to bring the vehicle to rest within a reasonable distance:

Provided that, save in the cases of a tractor and a heavy motor vehicle, in the event of such failure as aforesaid it shall not be necessary for brakes to be available for application by the driver—

- (i) in the case of a motor vehicle registered in India before the first day of April 1940, to more than two wheels; and
- (ii) in the case of a motor vehicle having less than four wheels to more than one wheel.

(c) The application of one means of operation shall not affect or operate the pedal or hand lever of the other means of operation.

(d) In the case of vehicles registered in India on or after the first day of April 1940, no braking system shall be dependent upon the rotation of the engine, and to the braking system of any trailer and of the trailing half of any articulated vehicle:

Provided that this sub-rule shall not apply in the case of a vehicle referred to in clause (ii) of sub-rule (h) hereof.

(e) The brakes of a motor vehicle which are operated by one of the means of operation shall be capable of being applied by direct mechanical action without the intervention of any hydraulic, electric or pneumatic device.

(f) In the case of a motor vehicle with more than three wheels, other than an invalid carriage, a road roller or a locomotive, where any brake shoe is capable of being applied by more than one means of operation, all the wheels shall be fitted with brakes, all of which are operated by one of the means of operation :

Provided that, except in the case of a tractor,-

- (i) where a motor vehicle has more than six wheels, at least four of which are steering wheels, it shall be a sufficient compliance with this sub-rule if brakes are fitted to all the wheels other than two steering wheels which are situated on opposite sides of the vehicle, and all such brakes are operated by one of the means of operation,
- (ii) where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation operates the brakes on two driving wheels situated on opposite sides of the vehicle and the other means of operation operates brakes on all the other wheels required to be fitted with brakes by this sub-rule:

Provided further that, where means of operation are provided in addition to those prescribed by this rule, such additional means of operation may be disregarded for the purposes of this sub-rule.

(g) One at least of the means of operation shall be capable of causing brakes to be applied directly and not through the transmission gear to all the wheels of the vehicle :

Provided that, in the case of a motor vehicle registered in India before the first day of April 1940, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation applies brakes directly and not through the transmission gear to not less than two of the wheels of the vehicle :

Provided further that where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if the brakes applied by one means of operation act directly on two driving wheels on opposite sides of the vehicle and the brakes applied by the other means of operation act directly on all other driving wheels.

(h) For the purposes of this rule

- (i) in the case of a motor vehicle other than an invalid carriage, a road roller or a locomotive,
 - (a) except in the case of a motor vehicle the unladen weight of which does not exceed 2,240 pounds or which is a passenger vehicle constructed or adapted to carry not more than seven passengers exclusive of the driver, not more than one front wheel shall be included in half the number of wheels of the vehicle, and
 - (b) every moving shaft to which any part of a braking system or any means of operation thereof is connected or by which it is supported shall be deemed to be part of that system;
- (ii) in the case of a motor vehicle propelled by steam and not used as a public service vehicle, the engine shall be deemed to be an efficient braking system with one means of operation if the engine is capable of being reversed and is incapable of being disconnected from any of the driving wheels of the vehicle except by the sustained action of the driver.

(i) Every locomotive shall have an efficient braking system, the brakes of which act upon all the wheels of the locomotive other than the steering wheels, provided that this provision shall not apply to a locomotive registered in India before the first day of April 1940, if the locomotive is propelled by steam and the engine thereof is capable of being reversed.

(j) The braking system operated by one of the means of operation shall, according to whether the vehicle is laden or unladen, be capable of bringing it to rest when travelling at the speed specified in the table below within the distance therein specified when, at the time of the application of the brakes, the vehicle is travelling over a hard, dry, level road in good condition, with top gear and clutch engaged, or when, in the same conditions, the efficiency of the brakes as determined by a brake-testing meter approved by the Provincial Government is not less than 30 per cent. when the vehicle is laden and not less than 40 per cent. when the vehicle is unladen:—

Provided that the word "laden" here means with not less than 50 per cent. of the legal load, not 50 per cent. of the gross weight.

(b) No motor vehicle shall be permitted to be used which is so constructed that any axle hub or hub cap projects laterally more than four inches beyond the rim of the wheel to which it is attached, unless the hub or hub cap does not project laterally beyond the body or wings of the vehicle and is provided with an adequate guard.

128. *Noise*.—Every motor vehicle shall be so constructed and maintained as not to cause undue noise.

129. *Safety glass*.—(a) After the first day of April 1941, the glass of windcreens or windows facing to the front on the outside of every motor vehicle except glass fitted to the upper deck of a double decked vehicle shall be safety glass.

or

(ii) the tyre shows signs of incipient failure by local deformation or swelling; or

(iii) it has been patched or repaired by an outside gaiter or patch other than a properly vulcanized repair.

Provided that clause (iii) shall not apply to a temporary repair effected to enable the vehicle to be moved to the nearest reasonable place where the tyre can be repaired or replaced.

(c) After the first day of April 1942, no motor vehicle other than a track laying vehicle shall be driven at a speed in excess of six miles per hour unless it is fitted with pneumatic tyres on all wheels.
